"No Child Left Behind – Blue Ribbon School 2008"

Joelle Magyar
Superintendent

Joseph J. Mueller
Principal

October 4, 2016

Ms. Magyar/Members of the BOE:

Please accept this letter as formal notification of my intention to resign my position as Principal of Brecksville-Broadview Hts. High School at the end of the current year.

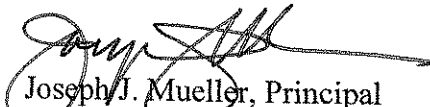

I was hired to lead best-practice change at BBHHS, and I am proud of the professional learning that lead to improved learning, as reflected in outstanding school and student performance on state and national assessments. I am proud of the excellence and learning of so many educators and staff at BBHHS, who have embraced, modeled and advocated for practices that inspire student learning and growth in spite of the political pressure to resist change in our current environment. They are great assets.

I am most proud of our students, who I truly love. I thank them for embracing GBED and The Alma Mater, but, most of all, I love them for the positive manner in which they face their futures. They give me great hope. I will always be a BEE!

As I transition to the next phase of my life, I give thanks to BBHCSD for this experience. Every day with our kids was awesome!

Please thank our communities, and share with them that I approached each student, and each day, with a commitment to GBED!

Sincerely,

Joseph J. Mueller, Principal
Brecksville-Broadview Hts. High School
